ABOUT THE COMPANY

Swarna Fire and Safety Systems W.L.L. - is one of the leading sub-contractors in fire and safety installation and maintenance providers in the Kingdom of Bahrain.

Initially set up as World Building Construction on 2009, while Swarna Fire & Safety Systems W.L.L. was established on April 2018 as a Limited Liability Company. We do various types of jobs as specialist for Fire and Security services solution and we're on the expansion of the Air-Conditioning System with the service and maintenance related job. To keep our customers safe and meet all their requirements.

And we're also introducing our sister- company at Dhaka Bangladesh, the company name is "International Fire Fighting Pvt. Ltd.", founded on 2017. It's an export- import business of electrical supplies, fire protection systems supply, plumbing, sanitary, air-conditioning system, and security systems equipment. It's a business of sales and firefighting consultant.

With the great support of the Partners & our customers, we grew in demand in the world of fire and safety installations of Fire Alarm Systems, Fire Pump, Fire Extinguisher Cylinders, Security Systems and Installation of CCTV, Welding Works and Manpower Labour Supply.

OUR SERVICES

FIRE EXTINGUISHER- Installation/ Service/ Maintenance

- We are doing all types of fire safety installations to ensure your property and systems are maintained to current regulations and have years of experience working in a variety of industries and premises types.

FIRE ALARM SYSTEM

- We are doing regular service and maintenance of your fire detection and alarm systems not only keeps you and your occupants safe, and it also reduce the number of false alarms which may occur in the system.

FIRE SUPPRESSION & FIRE PUMP SYSTEM

- One of the most horrible possibilities is a fire breaking out. The first line of defence against the potentially devastating flames is a proper safety with Civil Defence Approval such as fire extinguisher, fire suppression and fire pump installations in every part of the building.

CCTV/ SECURITY SYSTEM

- Our CCTV installation services stretch from supplying you with the CCTV system of your choice that fits both your need and budget through to installation and training on how to use the CCTV System to it's full.

WELDING & PLUMBING WORKS

- We are doing all types of welding works including arc welding, tig welding, mig welding for indoor and outdoor industrial purposes. We are also specialist in plumbing works across the Kingdom of Bahrain

AIR- CONDITIONING WORKS (Installation/ Service/ Maintenance)

- We are installing of different types of air-conditioning system commercial and residential with 24/7 On call for service and maintenance.

MANPOWER SUPPLY

- In compliance with the specific requirements of clients, we provide manpower for various industries and sectors. These people are skilled, well trained and certified in their works with highly demand in a number of places.
